August 16, 1978: a portion of a conversation between Dwight Rude and SRP

DR: "Theron used to live up the road here on the knoll. Just across the road was the barn. In that barn is where the first Sunday School in Clinton Township was held. The house that's there now is the Grunski house."

SRP: "The Grunski house was built on the old foundation of the Loomis house?"

DR: "Yes, on the old foundation. [DR then looked through some of the photographs in The Homestead Photograph Archive and added] This is the house [DR pointed to the photograph of the T-shaped house; two square photographs juxtaposed on one sheet of photographic paper by DWP]."
